MEDICATIONS:

BOWEL PREP:

1. We have forwarded a prescription for **Clenpiq** to your pharmacy.
2. You will need to be on a strict **CLEAR LIQUID DIET ONLY**, the entire day *prior* to your scheduled procedure.
3. At **6:00 pm** on the day *prior* to your procedure, drink your first bottle of **Clenpiq**

Follow with 40 oz (5- 8 oz glasses) of clear liquids over the next 5 hours.
4. 5 hours *prior* to your scheduled procedure at _____ am, you will drink the second bottle of **Clenpiq**. Drink at least 24 oz (3-8 oz) of clear liquids after. Finish drinking clear liquids 4 hours before your colonoscopy.
5. You may continue a clear liquid diet until you initiate step 4. **YOU MAY HAVE NOTHING BY MOUTH** for 4 hours prior to your procedure.
6. **NOTE: YOU MAY HAVE NOTHING TO EAT, SMOKE OR CHEW after midnight.**

**** You may want to bring or wear warm socks, as the procedure area tends to be cool.**

DRIVING INSTRUCTIONS:

Please arrange for a responsible adult to drive you to and from the facility. They must plan on staying at the facility during the procedure. Your procedure may be cancelled should you arrive without a driver.

It is best if you can have a responsible adult with you for at least 8-hours following your procedure.

You will not be permitted to drive for 24-hours after the procedure due to anesthesia. You should also refrain from making any important and financial decisions during this time.

INSURANCE NOTE:

Please bring your driver's license and insurance card to every appointment; even your procedure.

Remember it is your responsibility to contact your insurance company to verify your insurance coverage for this procedure.

-Take your **Heart & Blood Pressure** medications as instructed unless your doctor instructs you otherwise.

-If you have **Diabetes**, please follow the instructions below:

*Do not take your diabetes **pills** the morning of the procedure. Feel free to bring them with you to take following the procedure.

*If you take **Regular Insulin**, do not take it the morning of your scheduled procedure. Please bring it with you to take following your procedure.

*If you take NPH, or Lantus-type Insulin, take ½ of your regular dose the morning of your scheduled procedure.

-Do NOT take any of the following Medications:

*Coumadin-**Stop 3 Days Prior**

*Plavix, Aspirin, Ibuprofen, Iron and Multivitamins-**Stop 7 Days Prior**

Please remove all jewelry prior to your procedure.
